

## APPLICATION FORM FOR NRG CODEMARK™ CERTIFICATION (ISSUE 4)

NRG Energy Efficient Building Systems has developed a Lightweight Energy Efficient External Wall Cladding System that has **Codemark™ Certification**. This certification advises Building Inspectors, Building Certifiers, Designers, Builders, Home Insurers that NRG Greenboard™ Wall Cladding **Deems to Comply** to the Building Code of Australia (BCA).

To apply for the NRG Greenboard™ Codemark Certification for your Greenboard™ Wall Cladding project the Builder and Installer must fill out in full this application form, sign and return to NRG within a month of installation to register the project for Certification.
